EDUCATION

B.Tech in Computer Science	2023 – Present
Parul University, vadodadra	CGPA: 7.34
Intermediate (11th – 12th CBSE)	2020 – 2022
Bradford International School, Patna	Percentage: 80.6%

SKILLS

Programming Languages	Java, JavaScript,C, Python (Basics)
Frontend	HTML, CSS, Bootstrap, React.js, Next.js
Backend	Node.js, Express.js
Database	MongoDB, MySQL
Tools	Git, GitHub, VS Code, RESTful APIs
Automation Tools	Claude, Cursor AI, Lovable,Black box
Software Development	Data Structures & Algorithms, Authentication (JWT, bcrypt)

INTERNSHIP EXPERIENCE

Web Developer Intern, Code Techonlogy (Remote)	May 2025 – July 2025
- Developed and deployed a Finance Management Web Application for tracking income ,expenses and reports. - Used Git/GitHub for version control,collaboration, and deployment workflows. - Worked in an agile team environment with peer reviews and iterative feature delivery.	
Web Developer Intern, Code Alpha(Remote)	May 2025 – July 2025
- Designed and developed a Bussiness website. - Enhance responsiveness for mobile and tablet devices. - Fixed UI bugs and improved user experience and implemented modern UI design.	

PROJECTS

ML Model Comparison Dashboard <i>Streamlit, Scikit-learn,Pandas</i>	Deployed Link
- Built an end-to-end ML web application for data upload, preprocessing, model training, and evaluation. - Implemented multiple classification & regression models with automated comparison and cross-validation. - Developed interactive data visualization and preprocessing pipelines (encoding, scaling, missing value handling). • Integrated clustering algorithms and real-time prediction interface with downloadable model and results.	
College Canteen Hub <i>HTML, CSS, JavaScript (localStorage)</i>	Deployed Link
- Developed a multi-role web platform (Customer, Shopkeeper, Admin) for managing and browsing 56+ campus canteens. - Built a real-time menu management system enabling shopkeepers to add/update items with instant visibility to customers. - Implemented dynamic cart and ordering interface with search, filtering, and seamless user experience. - Designed an admin dashboard to monitor menus, track shop activity, and generate reports across all canteens.	

ACHIEVEMENTS

- Selected for startup incubation program at Vadodara Startup Fest, receiving mentorship and guidance to develop a scalable product.
